

MADE IN USA

# GROUND CLAMPS

## Economy Ground Clamps

- 2" (51mm) jaw opening
- Molded non-conductive clamp
- Copper jaws

Part No	Description
MG180	180 amp ground clamp

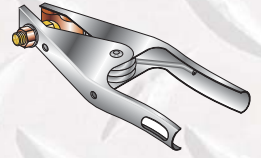

- 1½" (38.1mm) jaw opening
- Ideal for light duty welding

Part No	Description
EG200	200 amp ground clamp

- 2" (51mm) jaw opening
- Ideal for light shop work

Part No	Description
EG300	300 amp ground clamp

- 2" (51mm) jaw opening
- Ideal for clamping to bar stock, piping or various shapes

Part No	Description
EG500	500 amp ground clamp

## High Copper Alloy Ground Clamps

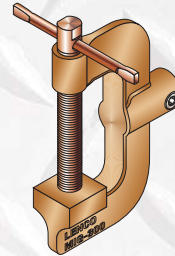

- Both upper and lower jaws are made from high copper alloy.
- Brass hinge pin is durable and allows jaws to carry current.

Part No	Description
200	200 amp ground clamp
300	300 amp ground clamp
500	500 amp ground clamp

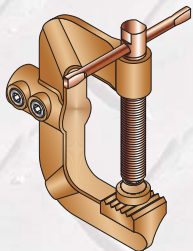

Part No	Description
LPG200	200 amp ground clamp
LPG300	300 amp ground clamp
LPG500	500 amp ground clamp

## MIG300 Ground Clamps

- Designed for mig welding process.
- Powerful bite allows for low resistance ground connections.
- Two inch openings

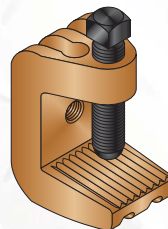

Part No	Description
MIG300	300 amp single oval point screw cable connect
MIG300-50	300 amp 1/2 - 13 screw cable connection
MIG300-D	300 amp Detachable cable connection

## Heavy Duty Ground Clamps

The "G" and G-1500 are cast out of heavy alloy material designed for high amperage applications.

Part No	Description
G600	600 amp two oval point screw cable connection

Part No	Description
G1500-34	1500 amp ground clamp
G1500-138	2000 amp ground clamp

## "C" Rotary Ground Clamps

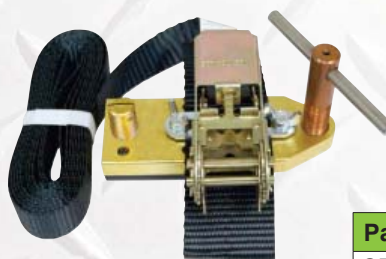

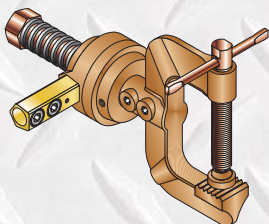

The "C" clamp bolts the stationary contact plate directly to the work.

Part No	Description
C	500 amp ground clamp

## Rotary Ground Clamps

Rotary devices are combinations of Lenco products to provide rotary grounds. Designed to make it easy to attach the rotating portion to the work.

Part No	Description
GC500	500 amp ground clamp

## Ground Clamp

- 400 amp ground designed for use on coated pipe
- Insulated pads wont damage or arc on pipe coatings.
- Tightens with 10' (3m) strap which will fit up to 6' (1.8m) pipe

Part No	Description
CPG400	400 amp pipe ground clamp

INDEPENDENT WHOLESALE WELDING SUPPLY

# GROUND CLAMPS

## Rotary Ground Clamps

Lenco rotary grounds the twisting of welding cables where the work rotates.

Part No	Description
R-4C	1500 amp ground clamp

Part No	Description
GR-4C	1500 amp ground clamp

## Rotating Internal Pipe Ground Clamps

Designed for vertical or horizontal positions of manual, semi automatic or fully automatic welding applications.

Part No	Description
PRG48ID	500 amp clamp 4½" - 8" I.D. pipe
PRG816ID	500 amp clamp 8" - 16" I.D. pipe

## Rotating Ground Clamps

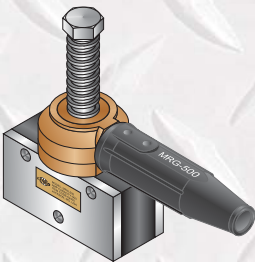

Rotating grounds ranging from 400 amp to 2000 amp ratings.

Part No	Description
LRG140	400 amp ground clamp 1 triple oval point screw connection
LRG240	800 amp ground clamp 2 triple oval point screw connection
LRG440	1500 amp ground clamp 4 triple oval point screw connection
LRG640	2000 amp ground clamp 6 triple oval point screw connection

## Magnetic Ground Clamps

Designed to ensure greater efficiency with less overheating due to fewer junctions. These clamps allows the operator to keep the ground close to the work area improving the weld quality.

Part No	Description
MRG500	500 amp magnetic clamp

Part No	Description
MSG500	500 amp magnetic clamp

## Magnetode Magnetic Ground Clamps

Up to 500 amps.  
Includes terminal handle for attaching one 4/0 ground cable. Easily attaches using Lenco lug on cable.

Up to 1000 amps.  
Includes terminal handle for attaching two 4/0 ground cable. Easily attaches using Lenco lug on cable.

Up to 1500 amps.  
Includes terminal handle for attaching three 4/0 ground cable. Easily attaches using Lenco lug on cable.

Part No	Description
L02410	500 amp ground clamp single 1/2-13 screw
L02420	1000 amp ground clamp double 1/2-13 screw
L02430	1500 amp ground clamp triple 1/2-13 screw
